

With over 100,000 students and 7000 satisfied teachers from **pre-primary to grade 5**, Oxford University Press India is now proud to present **Oxford Advantage, 6 to 8**.

Oxford Advantage

INTEGRATED LEARNING SOLUTIONS

OXFORD
UNIVERSITY PRESS

Powered by **AI-based personalized learning**, Oxford Advantage for classes 6-8 offers learners a holistic learning experience with adaptive remediation and assessments.

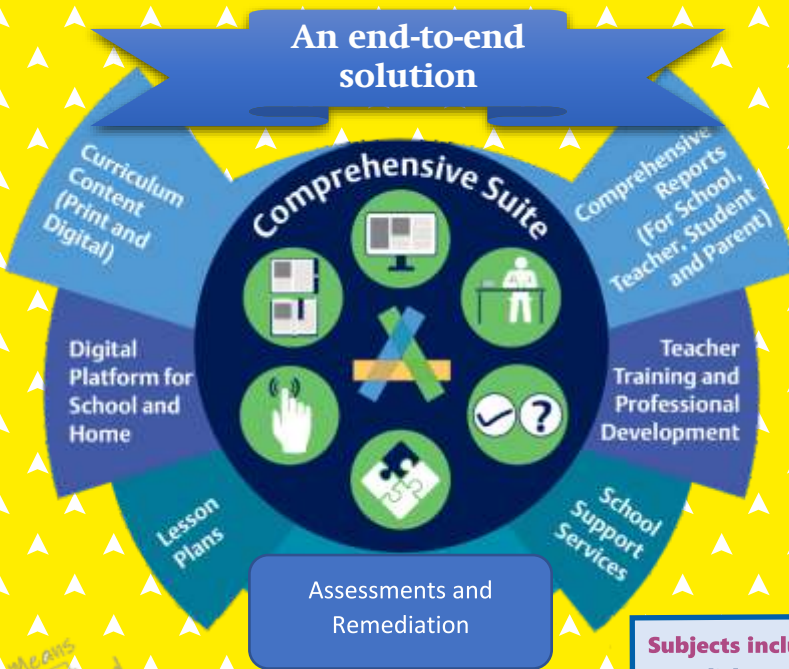

Keeping the learner at the heart of the experience, Oxford Advantage explores **interactive** and **cross-curricular** methods driven by **key learning outcomes** to ensure conceptual mastery.

Bringing together **expert pedagogy, latest educational technology, and world-class digital learning** material from **Oxford University Press, a department of the University of Oxford**, Oxford Advantage paves the way to a burden-free, enjoyable educational environment.

Oxford Advantage for grades 6-8 is an integrated programme incorporating the key recommendations of the **National Education Policy (NEP) 2020**. Meticulously put together with a focus on clearly outlined **learning outcomes**, the programme aims at integrating knowledge with real-world application.

Thoughtfully structured workbooks further strengthen the programme's integrated approach and provide teachers with a comprehensive set of questions covering all the concepts.

An end-to-end solution

Programme Components

Personalized Adaptive Learning and remediation

Apps for students, teachers and parents

Learning Management System with teaching, learning and assessment resources

Comprehensive teacher training and support

Workbooks

Teacher's Manuals

Subjects included

- English

- Science
- Social Sciences

Bundled with Oxford University Press's bestselling coursebooks

Our Partners

Programme Components

Workbook

- Well-defined **Learning Outcomes** linked to key concepts
- **Let's Practise** comprising a quick **Recall** section and dedicated **Worksheets** for different concepts
- **Language/Maths/Science/Social Sciences in Action** divided into six well-articulated sections—Remembering, Understanding, Applying, Analysing, Evaluating, and Creating
- **Cross-curricular Connect** exploring cross-curricular connections and art integration
- **A Value for You** containing situation-based questions with an emphasis on values and knowledge of Indian culture & heritage
- **Ask Your Buddy** involving problem posing by learners to their partners facilitating peer review
- **I CAN** encouraging self-assessment and recognizing the areas of improvement for the learners

...and much more!

Digital Support

Learning Management System

- ◆ Digital learning material
- ◆ Comprehensive teaching and learning plans
- ◆ Extensive question banks and customizable assessments
- ◆ Answer keys and detailed solutions
- ◆ Toolbox including various learning tools
- ◆ Personalized assessment-based learning with remediation
- ◆ Reports and analytics
- ◆ Offline and online capabilities
- ◆ School and home access

Learning Apps

Teacher App to plan and manage learning activities, student reports and notifications

Student App with learning content such as quizzes, interactivities and animations

QR codes for downloading myBag and myKid apps are printed on the inside cover

Teacher's Manual

A one-stop solution for teachers with chapter plans and detailed concept plans

Anytime,
anywhere
learning in
changing times!

Oxford Advantage 6 to 8 introduces **TACTivities** (Tactile Activities) — hands-on, experiential science activities — based on Kolb's Experiential Learning pedagogy.

Now also available with Atlas and Dictionary

Oxford Atlas
Oxford Dictionary
Toolbox

Personalised Adaptive Learning (PAL) platform provides deep student/learner engagement through evidence-based learning resulting in measurable improved outcomes while providing improvement matrices/analysis to the ecosystem.

Comprehensive Learning Dashboard

For Students

Benefits

- Offers rich, highly engaging and interactive digitized content
- Pinpoints misconceptions accurately
- Provides data, insights, content and context to improve learning outcomes
- Helps students learn anywhere, anytime using personalized and adaptive learning through BOT engagement

Question	Answer	Score	Time	Correct	Wrong	Learning Outcome	Feedback
1. The capital of India is...	New Delhi	100%	15s	1	0	Capital of India	Correct! Well done!
2. The largest city in India is...	Mumbai	100%	12s	1	0	Largest city in India	Correct! Well done!
3. The longest river in India is...	Ganges	100%	18s	1	0	Longest river in India	Correct! Well done!

Student Reports

For Teachers

Benefits

- An effective tool, enriching the teacher with various perspectives of student data and enabling them to increase the potential of students.
- Reduces preparation time, clearly highlights areas in the chapter that students need revision on, and equips them with the necessary learning resources to achieve the same.
- Noteworthy features:
 - ✓ **My Classes**
 - ✓ **Insights - Trending Misconceptions** help in the teaching-learning process to enable students understand the concepts better, and thereby attain concept mastery.
 - ✓ **Assessments and Reports** of the class/individual student highlighting performance by concept/question, concept gaps, learning feedback and recommended learning resources.
 - ✓ **Learn Pod** helps teachers to identify the student level so that they attain conceptual understanding using the recommended learning resources for each category.

Discovery Education is a trusted partner for schools, supporting them in realising their vision and achieving their goals with curriculum-matched content, professional development solutions and networking opportunities.

National Education Policy (NEP) 2020 Alignment

- Multidisciplinary and holistic education
- Clearly defined learning outcomes at the beginning of each chapter
- Building connections between classroom learning and real life
- No hard separation of content in terms of curricular, extra-curricular, or co-curricular areas, and between arts and sciences, to enable holistic learning
- Art integration programme based on a common pedagogical framework across subjects
- 21st century skills (critical thinking, creativity, communication, and collaboration)
- Building life skills, ethics, human and constitutional values, and rootedness and pride in India and its culture
- Regular formative assessments along with adaptive assessments to track and individualize learning
- Extensive use of technology in teaching and learning
- Teacher training and continuous professional development

Accolades for Oxford Advantage

Oxford Advantage has helped us especially during pandemic times, it has proved to be immensely beneficial for online teaching-learning; not only for our teachers and students, but also for the parent community. The well planned activities and lesson plans provide huge support to all the teachers. The My Bag app activities are worth appreciating, especially the Augmented Reality section is really amazing. The digital content has been really beneficial for all our children.

Sabina Sharma
Dikshant International School

Oxford Advantage has proved to be extremely beneficial for both teachers and students. It includes teaching-learning material which allows teachers to prepare and manage the day to day activities with ease. It also helps teachers in their professional development and to prepare lesson plans. All necessary materials are available and easily accessible by both children and parents.
