Integrated Social Sciences

OXFORD
SCHOOL EDUCATION

The new *integrated social sciences* series for classes 6, 7 and 8, meets the requirements of the new NCERT syllabus and the vision of the National Curriculum Framework, 2005. It is a well-graded series based on the Continuous and Comprehensive Evaluation (CCE) pattern initiated by the CBSE. Innovatively designed, each book in the series comprises sections on history, geography, and social and political life.

The history section provides an understanding of the chronology of events. The geography section explains key geographical concepts and highlights the interdependence of various regions and countries. The section on social and political life familiarizes students with the social and political institutions that play a vital role in their lives and also acquaints them with the processes of government.

Course Components: Books for Classes 6 to 8, Teacher's Manual, Digital CD and E-book
